

Wimpel hand dryers Air Pro-series OAM

Product no.: HTAP-HV-1900
El-no.: 58 662 09 (NO)
GSIN-no.: 7072395000098

Product no.: HTAP-SL-1900
El-no.: 58 662 19 (NO)
GSIN-no.: 7072395000197

Description

The Wimpel Air Pro series are reliable and robust hand dryers with high operational standards. New technology with a brushless motor makes these hand dryers an excellent choice in places with many users per day. Wipes hands dry in just 10 seconds. Infrared sensor starts and stops the hand dryers automatically. The construction does not splash water. Can be operated without heating element.

Technical specification

- Power: 1900W
- Voltage: 220-240V
- Frequency: 50/60Hz
- Electrical insulation: Zone 1
- Air speed: 95m/s
- Air temperature: 0-40°C
- Drying time: 10 sec
- Connection: For fixed installation
- Motor type: Brushless motor
- Motor speed: 19 000rpm
- Motor power: 800W
- Start/stop: IR detector with light indicator
- Sensor coverage area: 9-15cm
- On/off switches for motor and heating element on the side of the hand dryer
- Filter: Equipped with air filter
- Noise at 2m: 72dB
- Dimensions: H68,5 x W30 x D22cm
Drainage tank: 750ml
- Weight: 10,5Kgs
- IP grade: IPX4
- Material: ABS plastic
- Color: White, silver
- Approvals: CE, RoHS, EMC (electrical noise), LVD (low voltage)
- Warranty: 2 years

POWERFUL PRODUCTS

Mounting (a complete assembly and operation manual can be found with the product)

Each product carton contains:

- Hand dryer
- Installation panel (template)
- 6 psc 5x30mm screws
- Wrench
- Assembly and operation manual

How to attach the product to the wall:

Maintenance

Clean the air filter as needed.

- If it is moderately dirty, hit it gently with your hand and shake off the dust or use a vacuum cleaner.
- If it is very dirty, wash it in cold or warm water.

The drainage tank has a capacity of 750ml and therefore rarely needs to be emptied.
